

VISHVANATH PATIL

Senior Cloud Engineer | AWS | Kubernetes | Terraform | DevOps

Bengaluru, Karnataka, India | github.com/Vishvanath-Patil | linkedin.com/in/vishvanath-patil | pvishva93@gmail.com

SUMMARY

Senior Cloud Engineer with 5+ years designing, deploying, and operating resilient AWS infrastructure at fintech scale. AWS Certified Solutions Architect - Associate (Oct 2023) and RHCSA (EX200, Dec 2024). Hands-on with Kubernetes (EKS), Terraform, CI/CD and GitOps (Jenkins, ArgoCD), and DevSecOps. Passionate about reliability, security, and automation.

EXPERIENCE

Sr Cloud Engineer - TerraPay, India | Feb 2024 - Present

- Design and operate TerraPay's global money-movement platform on AWS; 99.9%+ uptime on payment-critical infrastructure.
- Own CI/CD and GitOps pipelines (Jenkins, ArgoCD) for zero-downtime releases across EKS clusters.
- Automate provisioning with Terraform; harden AWS (IAM, VPC, security groups, KMS) for PCI-DSS and fintech compliance.
- Drive observability with Prometheus, Grafana, and Loki to cut alert noise and MTTR.
- Mentor engineers, conduct technical interviews; recognized with TerraPay's Superlative Performance Award.

DevOps Engineer - Tata Consultancy Services, Bangalore | May 2022 - Feb 2024

- End-to-end AWS projects: three-tier applications, EKS platforms, serverless, and ECS/Fargate workloads.
- Complete DevSecOps pipelines: Jenkins, SonarQube, Trivy, Vault, ArgoCD - security shifted left.

Network Engineer - Alackrity Consols, Bengaluru | May 2018 - May 2022

- Automated Linux systems administration (Ansible) and SSL/TLS certificate lifecycle management.
- Enterprise network operations: CCNA-level TCP/IP, routing and switching, Sophos firewall.

SKILLS

Cloud & Infra: AWS (EC2, VPC, EKS, ECS/Fargate, ECR, RDS, IAM, KMS, Lambda), Terraform, Helm, Ansible, Docker

CI/CD & DevSecOps: Jenkins, ArgoCD / GitOps, SonarQube, Trivy, OWASP Dependency-Check, HashiCorp Vault

Observability: Prometheus, Grafana, Loki, CloudWatch, alerting and runbooks

OS & Networking: Linux (RHEL/Rocky), Bash, SSL/TLS, TCP/IP, CCNA-level networking, Sophos firewall

Application Dev: Python, Java (Spring Boot), React + TypeScript basics | 100+ public GitHub repos

CERTIFICATIONS

- AWS Certified Solutions Architect - Associate | Amazon Web Services | Oct 2023 - Oct 2026
- Red Hat Certified System Administrator (RHCSA) EX200 | Red Hat | Dec 2024 - Dec 2027
- Advanced Networking (CCNA) | NSDC | Feb 2022 | Sophos Firewall Engineer / Technician | Feb 2022
- Mastering SSL (TLS), Keys and Certificates | Udemy | Jul 2025

EDUCATION

B.E. / Computer Engineering - Karnataka, India
